(a) *Market information.* (1)(i) Identify the principal United States market or markets in which each class of the registrant's common equity is being traded. Where there is no established public trading market for a class of common equity, furnish a statement to that effect. For purposes of this Item the existence of limited or sporadic quotations should not of itself be deemed to constitute an "established public trading market." In the case of foreign registrants, also identify the principal established foreign public trading market, if any, for each class of the registrant's common equity.

(ii) If the principal United States market for such common equity is an

(iv) Where a foreign registrant has identified a principal established foreign trading market for its common equity pursuant to paragraph (a)(1) of this Item, also provide market price information comparable, to the extent practicable, to that required for the principal United States market, including the source of such information. Such prices shall be stated in the currency in which they are quoted. The registrant may translate such prices into United States currency at the currency exchange rate in effect on the date the price disclosed was reported on the foreign exchange. If the primary
